

CHANNELLING

ACTIVATING DIVING LIGHT

This is the beginning of the opening of the Divine Light within you all.

The Anchor was to re-establish the Crystal Energy within Mother Earth. Once that is established around the world, the next group of symbols can be activated.

The first of these is what is called the "Key to opening the Passage Way to Divine Light". This connects to Divine Light which is carried in your DNA.

These will be as follows:-

THE ANCHOR

DIVING UNION

The Key to open the Passage Way

RA-KI

Is the Passage Way travelling to Divine Light

ORDER OF SERPENT

Love Aspect. Turning on (creating) of new Charkas

ANNU-BA

Pouring Out. Spinning – activating Love only at all times

ACK-BA

SO-FA

These will come when mankind is ready to receive.

You are dearly loved.

“sands of time and the brilliance of love
will show you the way to eternal peace
within yourself and towards others.

Connect to the Mother and she will show you the way”

- DIVINE UNION
- RA-KI
- ORDER OF THE SERPENT
- ANNU-BA
- ACK-BA
- SO-FA

The last symbol of this section is yet to come. It will be given to Glen when he is at the place that he needs to vibrate at the higher vibration.

The last one to come will be called “SO-FA”

In this, there will be a completion of a pathway that can help those to arrive at a sexual completion. An understanding of all will be accomplished.

This will be a huge step for mankind.

CHANNELLING

RAINBOW SERPENT

The Rainbow Serpent is an energy form. It travels across the earth grids. It is part of Mother Earth and she also is part of The Source. The Rainbow Serpent is the veins carrying the 'blood' or life force of The Source.

When humans are able to 'connect' to this, they themselves drink of the 'blood'. The energy comes into them and they are able to radiate the Love that is part of them, their God/Goddess within, as this is part of The Source.

The Aboriginals danced on the Rainbow Serpent and were energised. It took them to their dreamtime where they were taught by Spirit.

You also can connect with the Rainbow Serpent. The symbols that are part of the Activating Divine Light will activate part of the sexuality that is necessary to you coming back home.

It is turning on a vibration that will radiate from you. Not in the way that humans understand themselves with their perception of sex. This is a left over from the time your DNA was changes.

Now it is time to accept your sexuality and the full power that it brings when this part of the DNA is changed back to the original DNA strands.

You will become lighter, floatier and exhibiting charisma. Go and enjoy!

CHANNELLING

ORDER OF THE SERPENT

The 'Order Of The Serpent' was a ritual of The Watchers. Priestess' participated in it. The Male Symbols were different to the Females.

In this time, they can both be applied to Male and Females. It will re-connect to the DNA – controlling sexuality.

Be careful in its application, as only those with an understanding of the Kundalini can progress with this. There will be 3 symbols. These will be different to the Activating Divine Light, but also will be part of the over –all group.

CHANNELLING

ANNU-BA

This symbol is to connect to the Inner Peace of the Thymus. Much work is being done on the Thymus. This will help to continue with the path back to True Love and Light. Another part of the DNA is being turned on.

With this new section – Activating Divine Light – there will be a feeling of yearning of discovery, but not able to hold the God/Goddess within. Do not be troubled by this, as this is part of the transition that you will have as the old energy departs and the new comes in. Endeavour to continue to do the symbols and bathe in the energy.

This symbol will be called ANNU-BA. It is to connect the third eye and the Thymus, which allows the Soul to have a clearer path of communication.

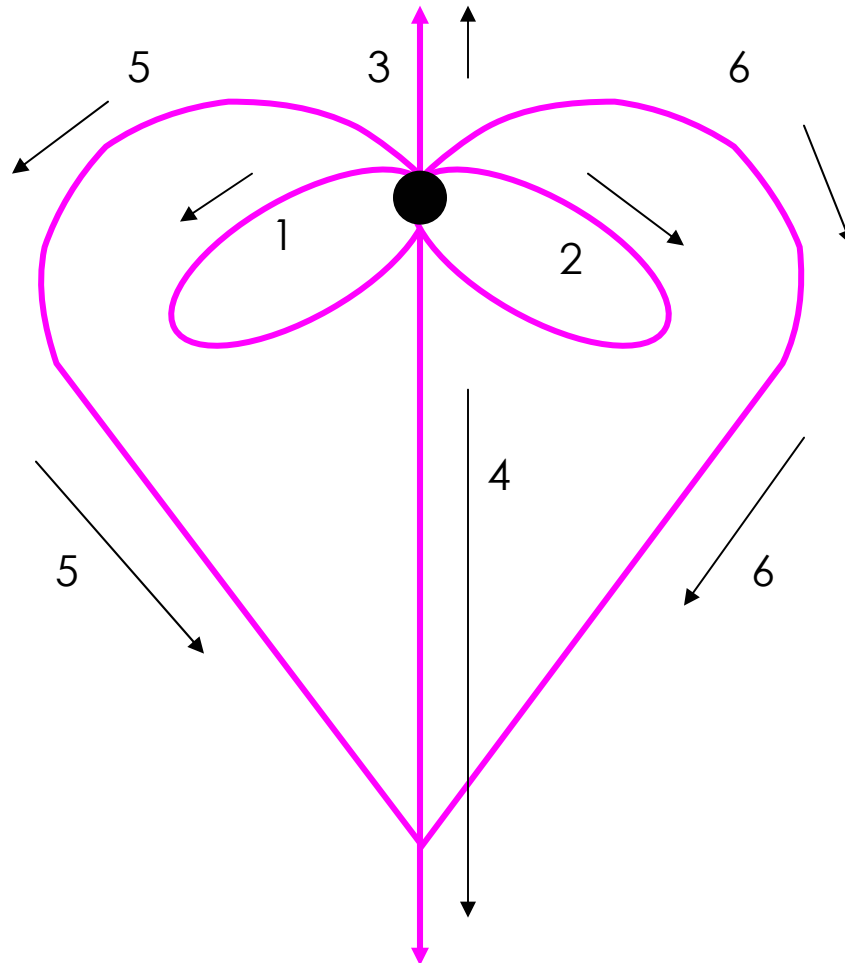

This is another step of bringing Heaven upon Earth.
